JANUARY 7, 2005

FOR IMMEDIATE RELEASE

OSAGE BEACH MAN INDICTED FOR METH

JEFFERSON CITY, Mo. – Todd P. Graves, United States Attorney for the Western District of Missouri, announced that an Osage Beach, Mo., man was indicted by a federal grand jury today for possession with intent to distribute methamphetamine in Miller County, Mo.

Brady Ray Long, 44, of Osage Beach, was charged with being in possession with intent to distribute 50 grams or more of methamphetamine on Oct. 28, 2004.

Graves cautioned that the charge contained in the indictment is simply an accusation, and not evidence of guilt. Evidence supporting the charge must be presented to a federal trial jury, whose duty is to determine guilt or innocence.

This case is being prosecuted by Assistant U.S. Attorney Lawrence E. Miller. It was investigated by the Drug Enforcement Administration; the Missouri State Highway Patrol; the North Central Regional Laboratory; the Mid-Missouri Drug Task Force; the Lake Ozark, Mo., Police Department; the Miller County, Mo., Sheriff's Department; the Osage Beach, Mo., Police Department; the Eldon, Mo., Police Department; and the Lake Area Narcotics Enforcement Group.
